

PhD Students Meeting

HOW NOT TO PLAN A POSTDOC

C. Steigies¹

¹*Institut für Experimentelle und Angewandte Physik, Christian-Albrechts-Universität
zu Kiel*

According to some presentations at the last phd students meeting, I did nearly everything wrong in planning my postdoc. Here is a little story on how to get a nice postdoc position nevertheless, having fun while working with sounding rockets and open source software, and keeping your options open to pick between a job in science or industry.
